Subject: 2013 STP presidential citations

Dear TOPEC list members:

Happy new year. I am pleased to send good news with my first message to you as 2013 STP president.

". . . the Society for the Teaching of Psychology President has given Presidential Citations to individuals who have made extraordinary life-time contributions to the Society and/or to the teaching of psychology." Up to two citations may be given during a president's term.

I am writing to let you know that I have selected two colleagues to receive a STP Presidential Citation at the 2013 APA convention in Hawaii. The two recipients will be David G. Myers (Hope College) and William Buskist (Auburn University). I have great respect for their contributions to our discipline and to the teaching of psychology.

Dave and Bill will receive their citations at the 2013 APA convention. I am looking forward to giving Dave and Bill their citations at the STP Business meeting on August 3, 10:00 - 10:50 am.

Best,

Victor
